CAREER OBJECTIVES

I am eagerly seeking a challenging position where I can comprehensively apply my analytical power while contributing meaningfully to organizational scalability. Looking ahead, my long term career objective is to build a progressive career in a dynamic corporate, financial institution or educational sector. I want to see myself stepping into a leadership or management role where I can utilize my organizational skills, leadership, strategic mindset and dedication to drive excellence.

CORE COMPETENCIES

Analytical Thinking & Problem-Solving Competency

As I navigated complex field research data during my tenure with Save the Children, I consistently exercised advanced analytical thinking and systematic problem-solving capabilities to resolve operational bottlenecks and synthesize precise project outcomes.

Communication & Engagement Competency

While I was actively involved in teaching in school, mentoring students conducting baseline assessments and academic instruction, I had the distinctive opportunity to exercise comprehensive communication and stakeholder engagement strategies, ensuring seamless information flow across diverse groups.

Collaboration & Team Management Competency

Being deeply involved in university sports captaincy and multidisciplinary project teams, I actively exercised collaborative teamwork and team management competencies, steering group synergy toward shared milestones.

COMPETENCY-BASED PROFESSIONAL EXPERIENCE

Teacher - Science Tutor Point | (2022 - Present)

I started my teaching profession, in part time basis at Science Tutor Point. In where, I had the opportunity to exercise communication, pedagogical learning, educational mentoring and engagement strategies. By translating complex educational concepts into understandable learning modules. I consistently fostered student engagement, academic progress, and disciplined progress tracking within a dynamic educational environment.

Data Collector – Baseline Education Assessment | *Save the Children Foundation* (2024)

While I was engaged in primary-education baseline assessment activities, I had the opportunity to exercise rigorous data collection methodologies. As I interacted with diverse respondents, I

utilized my communication competencies to bridge informational gaps, while collaborating closely with multidisciplinary teams to ensure absolute accuracy and consistency.

Education Facilitator & Data Analyst | *Baseline Assessment of ECE Project (June 2024)*

Throughout my tenure supporting early childhood education projects, I was involved in systematic data processing where I exercised analytical problem-solving and documentation skills. By coordinating closely with field personnel, I successfully merged collaborative teamwork with administrative execution to achieve project objectives.

Intern Teacher - English | *BCSIR School & College, Dhaka (July 2023 – December 2023)*

During my instructional phase at BCSIR School & College, I was entrusted with conducting English-language learning sessions, which provided an ideal platform to exercise advanced public speaking, articulation, and classroom management competencies while negotiating dynamic institutional requirements.

EDUCATIONAL QUALIFICATIONS

Bachelor of Education (B.Ed.) University of Dhaka, Institute of Education and Research (IER) <i>CGPA: 3.53 / 4.00 Session: 2019–20 Major: Education</i>
Higher Secondary Certificate (HSC) Govt. Ashek Mahmud College, Jamalpur <i>GPA: 5.00 / 5.00 Year: 2019 Major : Humanities</i>
Secondary School Certificate (SSC) Jamalpur High School, Jamalpur <i>GPA: 4.86 / 5.00 Year: 2017 Group: Humanities</i>

LEADERSHIP & EXTRACURRICULAR COMPETENCIES

President - IER Pedagogy Poribar, Mujib Hall, University of Dhaka:

While serving as the President of IER Pedagogy Poribar, I was involved in directing key organizational activities, fostering mentoring in students academic results, and steering community welfare initiatives. This role provided me a platform to exercise advanced leadership, planning, and organizational management competencies, ensuring coordination among students to drive collective welfare.

Sports Leadership & Team Command:

While serving as Captain of the Sheikh Mujibur Rahman Hall Volleyball Team (University of Dhaka, 2025) and player for the DU Central Volleyball Team, I had the opportunity to exercise profound leadership, planning, and team motivation.

Event Coordination & Public Speaking:

As an active organizer for the IER Sports Tournament and public-speaking host, I exercised rigorous event management and audience engagement capabilities.

Institutional Involvement:

By functioning as an Executive Member of the Dhaka University Research Society and a Volunteer for “Banglar Pathshala”, I exercised collaborative social engagement and institutional networking.

TECHNICAL SKILLS, LANGUAGES & CAREER INTERESTS

- Technical & Digital Competencies: Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Advanced Data Documentation and Office Systems.
- Linguistic & Communication Competencies: Bangla (Native/Fluent), English (Professional Proficiency)
- Training & Certification: Completed a comprehensive 6-month Computer Course focusing on computer skill and computing literacy.

SPORTS & ATHLETIC ACHIEVEMENTS

I am highly active in sports and has represented Dhaka University in several times-

Captain - Volleyball Team, Sheikh Mujibur Rahman Hall, University of Dhaka

Player - Dhaka University Central Volleyball Team

Player - IER Football Team, University of Dhaka

Athlete - Sheikh Mujibur Rahman Hall, University of Dhaka
